Mabuhay!
Welcome to Asia's top island! Recently voted as one of the top island destinations by multiple sources, this 7km long tropical island paradise has risen again. This ever-famous paradise known for its powdery white sand beaches and crystal clear cool waters is on the straight path of bouncing back from the 6-month total closure for rehab swiftly followed by the lockdowns caused by the Covid-19 pandemic. The local government has ensured that healthcare protocols are observed for all tourists and locals, now is the best time to discover Boracay.

Boracay surely has a lot more to offer these days as business slowly catches up with increased flights to the island. Access and infrastructure have improved significantly for you to have a safe and enjoyable experience. From the famous 4km White Beach to the secluded ones on its northern tip, Boracay island has been an ultimate destination for all tourist types. Kiteboarders and windsurfers flock Bulabog beach for its wind and waves. Some people get amused by the colorful view of kites and live actions while sipping Buko juice. Head to the White Beach for some adventure with water activities for all ages or frolic under the sun until the magical panorama of it sets before your eyes. Overwhelm yourself with great restaurants serving diverse food choices from Indian, Italian, and Mediterranean, to delectable burgers and asian options. New and old pubs, bars, and clubs are then waiting for you to enjoy and crawl the night away. Accommodations all throughout the island range from 5-star luxury hotels to budget-friendly inns, ATMs, banks, new malls and shopping centers are also around ready for all your needs.

Get acquainted with the changes of the island through this map of Boracay's Best to make the most out of your stay. May it be incredible and memorable with a few reminders to help keep the Beaches clean. Bring only smiles, take photos and leave only footprints. As Boracay continues to evolve and grow, please be a responsible traveler. Have fun and explore the new and better Boracay!
